

# AGENDA

## Planning and Budget Committee (PBC)

January 19, 2021 /10:30 AM – 12:00 PM

---

### 1. Call to order: Dr. Michael

---

- Roll Call/Attendance from 12/15 (members can update the roster in the Files folder in the Team site). Please also update the attendance spreadsheet for today in the Teams folder.
  - [A copy of the signed attendance sheet is attached](#)

---

### 2. Meeting Notes from 12/15/20

---

- A draft of the 12/15 Meeting Notes is also in MS Teams for questions and comments
  - [No objections were noted, they will be posted to the Shared Governance web site following this meeting](#)

---

### 3. Old Business

---

Mr. Mark Denney, VP Finance:

- A quick conversation about freezes on reorganizations and position reclassifications
  - [Mark Denney discussed some campus wide initiatives](#)
    - [Hiring Freeze – there is no current hiring freeze, however, all vacancies are heavily scrutinized, requiring demonstration of the return on investment being positive, meaning the benefit of filling the position being financially better than leaving it vacant. This is in place for two reasons:](#)
      - [Desire of President Blake to ensure all managers think strategically, which includes fiscally when considering vacancies,](#)
      - [Preserve resources due to the Pandemic and future financial challenges.](#)
    - [Dept. Reorganizations](#)
      - [At present, President Blake has put a freeze on all department reorganizations for the current year, with the limited exception of reorganizations already underway, and the area of Enrollment Management, wanting to ensure we support this new division and new Vice President. Though no reorganization is currently planned, she had not limited the new VP's ability to propose changes once he is on board.](#)
    - [Position Reclassifications](#)
      - [Primarily due to the ongoing Job Architecture and Career Development \(JA-CD\) Initiative, position reclassifications are being limited.](#)

- Incumbent Reclassifications – If there is a current incumbent in the position – reclassifications are frozen, pending the completion of the JA-CD Initiative, as it is challenging to review all current positions if they are in flux and changing – the review will incorporate all current tasks and responsibilities, and will likely remove the need for reclassification.
  - Vacancy Reclassifications – all reclassification requests when positions are vacant are still ongoing, but will be, to the extent possible, included into the JA-CD Initiative, but if a position needs to be reclassified, the best time to do it is when there is a vacancy, otherwise, you risk hiring for the old position, not the new position.
- Timeline for getting the two fee increases (all that I know of so far) to the BOR.
  - Meal Plan – Power Point presentation from Mark Denney – [presentation included in minutes](#)
  - Education Abroad Student International Accident and Sickness Insurance
    - Hoping that existing insurance purchase agreement can negate need for new fee

Ms. Deja Sero, Director Office of Planning & Budget:

- February 17 is the deadline for Departments to submit initiatives for FY22 to their unit heads.
  - This deadline has been published and all DBA/CBAs are aware and working with their Division leadership.
  - Additionally, Mark Denney shared his guidance to the campus regarding Budget Initiatives for FY2022. [A copy of his talking points is attached.](#)
- State Comptroller's revenue estimate for 22-23 biennium
  - Back in July, the State Comptroller projected a \$4.6 Billion shortfall in state funding due directly to the Pandemic.
  - In December, this was revised to project only a \$1 Billion shortfall, with the anticipation that as the State's economy continues to recover, that forecast will continue to be revised up.
  - However, the state is forecasting total needs are for \$117Billion additional funds just to remain flat with state funding from the last legislative session, state wide, when population growth and inflation are factored in.
  - The direction of this forecast is that total funding to Higher Education will likely not be cut in total dollars, but in dollars per student (population growth) will likely fall.
  - Within that context is UHCL's enrollment relative to other State Universities. We are likely holding our own in terms of total enrollment, but our mix of Graduate to Undergraduate students has significantly changed, trending heavily to Undergraduate students, which earn fewer dollars in the State funding model. Therefore, the projection is that UHCL may experience fewer total dollars from the State, and fewer dollars per enrolled student for the FY22-23 Biennium.
  - A more definite picture in May.
- E&G funding allocations made for administrative necessity (not initiative related)
  - This year, the Planning and Budget Dept will attempt to differentiate budgetary changes between Administrative and Strategic.

- Administrative will be budget changes required by changes such as contractual increases, continuation of prior year strategic decisions, etc. but are not necessarily subject to a new decision, but have to be made regardless.
- Strategic Initiatives will be Strategic In Nature and should be directly tied to supporting the Strategic Plan.
  - PBC will be asked to evaluate their view of how closely they support the strategic plan, projected return on investment projections, and other relevant items.
  - PBC will be advised of both types of budgetary changes, but may not be asked to provide feedback on Administrative, as stated, they will be the continuation of past budgetary or operational decisions, many of which may not be optional. PBC will definitely be asked to provide feedback on strategic initiatives.
- New Initiative Funding Request Form on PBO's website.

---

#### **4. New Business/Announcements/Q&A**

---

- New funding for COVID Relief ([Dept of Education document attached](#))
  - Dept of Education funding allocation is posted to the TEAMS site under today's meeting date.
    - UHCL is on page 74
      - \$10.2 Million
        - \$7.4 Institutional (Maximum – we could allocate less)
        - \$2.8 Student Aid (Minimum – we could allocate more)
        - Details of allocation and rules for applying these funds still not published
        - Expect significant discussion at upcoming Feb BOR meeting
        - UHCL will develop allocation planning to be shared with PBC
    - UHD – page 47
    - UH – page 48
    - UHV – page 76

# Dining Plans

## Current UHCL Declining Plans

- Minimum, required:                 \$1,000/semester
- Optional                                 \$1,680/semester
- Optional                                 \$2,100/semester
  
- What does it really cost to eat for a semester:
 

• Avg 2 meals/day (14/wk)	3 meal/day (21/wk)	10 meal/wk
• Avg \$10/meal	\$6/meal	\$9/meal
• <u>16 weeks</u>	<u>16 weeks</u>	<u>16 weeks</u>
• \$2,240/semester	\$2,016/semester	\$1440/semester

## University of Houston

- Bronze: \$2,104.32/Semester
- Silver: \$2,377.27/Semester
- Gold: \$2,667.02/Semester
- Platinum: \$2,867.02/Semester

## University of Houston Victoria

- Gold: \$2,147.422/Semester
  - 19 meals/week
- Red: \$1,467.61/Semester
  - 160 meals per semester (avg 10 meals/week)
- Commuter plans
- Jax 40 \$348.57
  - 40 meals
- Jax 20 \$174.28
  - 20 meals

## Texas Southern University

- 19 meals/week \$1,743/Semester
- 14 meals/week \$1,434/Semester

## The problem is business volume

- What are we doing to increase business volume:
  - Boost mobile app
  - Patio Café, coffee shop renovations
  - Advertising marketing campaigns
  - Direct work with Chartwell's to improve/upgrade/expand meal offerings
- But low volume makes all of the Quality issues more challenging

## Options:

- Long term: Solve the volume issue
- Short term:
- If we do not solve this, we then have two options:
  - Have all students subsidize on-campus dining – their/your tuition \$
  - Close all on-campus dining

## Calculations

- Annual sales
 

• Non-Residential Hall dining (pre-Covid history)	\$400,000/year
• University Catering (pre-Covid history)	\$400,000/year
• Residential Hall meal plan guarantees	<u>\$420,000/year</u>
• 150 residents X \$1,400/Semester X 2 Semesters	
• Total Annual Sales:	\$1,220,000/year
- Achieve \$1.2M/year by any combination – no subsidy needed
- Below this – UHCL operates all Dining facilities, potentially costing all students to subsidize dining

The below guidance has been provided to University Council, acting as the replacement to the Strategic Management Team, that acted as the primary Steering Committee for the Strategic Planning Process. This guidance was intended to give direction and guidance to management and leadership insight into our capacity and hopefully will see a smaller list of new strategic initiatives for the FY2022 budget process. However, ultimately what is presented will be the decision of the Division Vice Presidents and President Blake.

1. **President's Degree of Support for a Deficit Budget:** How much funding we have available to invest in budget initiatives will depend on your willingness to put forward a deficit budget.
  - a. We have fund balance. I am not so sure we will have actual revenue in the next year to cover new spending.
  - b. If we use Fund Balance – that will be spending our reserves, and that will be shown as a deficit budget – budgeted spending that exceeds revenue is a deficit budget.
  - c. I am not worried, as we do have fund balance, but one of the key things they look at during accreditation, is if your institution is deficit spending. I can explain it, but it will still create questions.
  - d. The reasons I am concerned about revenue in the current year:
    - i. Our enrollment this year has been flat, and while we still have some way to go for Spring Term Enrollment, may even be slightly down.
    - ii. What will our enrollment be next year? Will it return to the previous year's enrollment growth or stay flat?
    - iii. Enrollment at the Community Colleges is down, that remains our primary enrollment source, so will transfer students (the primary reason we are flat or slightly down) remain challenged!
    - iv. For that reason, I will likely project flat or slightly down enrollment.
    - v. Regardless of our total growth or not – our Mix continues with greater Undergraduate and lesser Graduate, so even if we experience enrollment growth, we could be down in revenue.
    - vi. We won't know until May, but I remain concerned over state funding, that is likely to be down.
    - vii. Combine all of these, and our Revenue is likely to decline or be flat at best, but our expenditures, primarily labor, will be up – so a deficit budget is a risk even without new spending initiatives.
    - viii. Yes, we never spend our Budget 100%, there are always savings (primarily labor) but we are still BUDGETING a deficit budget.
2. **We've been doing a lot of structural investment already:** That given the significant infrastructure investment we have made in these most recent years, new spending may not be such a significant need
  - a. Examples of recent significant investments:
    - i. Expansion and restructure of Student Affairs
    - ii. Assumption of the funding for the Student Assistance Center duties, to give capacity to fund the Student Advocacy Center
    - iii. Expansion and elevation of Enrollment Management
    - iv. Expansion and investment in Pearland
    - v. Investment in the Center for Engagement, Teaching and Learning

- vi. Significant investment in Market and Equity funding for labor, caused by the past decisions to not do Merit
  - vii. Note: in the past two year, and the next two years to come, we will likely wipe out all past ongoing savings from withholding Merit for 4 years – as we work our way back to market competitive salaries or risk losing our best.
3. **Managerial Capacity for new vs. switching from old to new:** As we work through Tier II initiatives, we must focus on shifting our focus of effort, not adding to the point where there is no “Focus” of effort.
- a. This means as we take on new initiatives, we must drop old initiatives, do we really have the managerial capacity to be successful with everything we are currently doing, and to do more?
  - b. The point of a strategic plan is to stop doing what is not effective to do what is – we must now focus on that.
  - c. That means internal reprogramming of funding, not new funding.
  - d. If we are truly going to reprogram funding on a larger scale – meaning no longer needed funds in one Division can be invested in another – we must embrace stretch goals – annual budget reduction goals, with the reduction going central for future investment – we have not accepted this concept yet – everyone just wants from our reserves. That is not sustainable in the long run.
  - e. Another way to achieve that could be President Blake’s “I invest in you, you pay me back so I can fund future investment” I can support this
4. **Finally: when will we see the bigger picture:** We won’t have much of this all together until late April or May (and State funding, definitely late May). We will collect Initiatives Feb-March, and decide what we will fund in May-June

**Note:** Amounts on the table may not represent the final allocation for IHEs that were required to remit payment to the Internal Revenue Service for the excise tax based on investment income of private colleges and universities under Section 4968 of the Internal Revenue Code of 1986 for tax year 2019. Under Section 314(d)(6)(A) of the CRRSAA, the allocation for such an IHE must be reduced by 50 percent and is subject to certain use limitations absent an approved waiver from the Secretary. Please see our (a)(1) FAQs for more information.
