## GUEST SPEAKER

### LECH WAŁESA

Lech Wałęsa—former President of Poland (1990 to 1995), Polish hero, and international icon in the pursuit of freedom and democracy—joins us on our tour to discuss his unique role in the history of this region. From his position as a marine electrician in Gdansk Shipyard, Wałęsa emerged as a world-renowned figure in the struggle against communism during the 1980 shipyard workers’ strike and the establishment of the Polish Solidarity labor movement. He was awarded the Nobel Peace Prize in 1983, a watershed moment widely considered to have been the first crack in the Soviet Union’s Iron Curtain, which crumbled with the Berlin Wall in 1989. That same year, Wałęsa became the first foreign non-head of government to address a joint meeting of the U.S. Congress.

# THE ROAD LESS TRAVELED

*Gdansk, Poland*

In his oft-quoted poem, "The Road Not Taken," Robert Frost awakened the idea and determination in many to choose the road less traveled; to overcome fear and avoid regrets. It sparked the quest for adventure in those wishing to experience more from life. Intrepid world travelers manifest this idea by seeking out destinations less traveled, such as Scandinavia and the Baltic Sea, which is surrounded by nine countries in Northern Europe. Here, travelers have the rare opportunity to visit a number of countries and experience a kaleidoscope of cultures in a short period of time when cruising by ship from port to port. Ancient architecture, centuries-old history, storied landmarks, fascinating cities, and breathtaking, romantic scenery provide the perfect backdrop and opportunity to take the road less traveled, which will surely make all the difference.
