

UHCL*Teach* Graduate Impact FALL 2024

University of Houston-Clear Lake joined the U*Teach* network in 2020 with the launch of UHCL*Teach*. The program produced their first graduate in Fall of 2022 and to date has produced 16 highly prepared STEM graduates, all but one of whom entered the teaching profession. Currently 15 STEM teachers prepared by UHCL*Teach* are in STEM classrooms across the Houston region.

UHCL*Teach* and the other U*Teach* programs produce passionate, well-prepared teachers who stay in teaching longer and improve student performance in math and science.
