

RN-BSN Program

If you are a licensed registered nurse looking to get your bachelor's degree, our degree programs offer flexible learning options for working professionals.

HyFlex at Your Pace

Complete your degree in 2 to 6 semesters

University of Houston–Clear Lake offers the **RN-BSN program**. In this program, enjoy the convenience of our flexible learning options that allow you to customize a schedule that works best for you. The program is only 30 credit hours and one of the most affordable in Texas.

HyFlex courses allow you to choose your preferred method of learning: online, face-to-face or a combination of both. You can change your mode of attendance weekly or by topic, based on your needs.

The UHCL RN-BSN program is fully-accredited by the Accreditation Commission for Education in Nursing (ACEN).

Quality and Value
